

A COURTESAN WHO BECOMES A GODDESS

Long-long ago there is famous courtesan named Pai Mu-Tan. Initially she was a singsong girl who is singing and dancing in front of customer, but refuse to have a sex with them. However because of her materialistic nature, she finally agreed to sleep with her rich client.

Actually she became extremely popular, not only because of her unmatched beauty. But also because all part of her body spread flowery fragrance without exception

Every day men from wealthy family come to her place, and only the lucky one with highest bid allowed made a love with her. Because all men worship her like goddess, Mu-Tan become arrogant, even she often humiliate her client for her pleasure. She thought "in past time, empress Wu Tse-Tien often ask her minister and ambassador to kiss her vagina. Now as I am prettier than her, so every man should worship me even more than that".

One time when a prominent merchant from Chiang-Nan want to kiss her, she bend her back and ask him to kiss her ass instead. Without objection he began to kiss her round butt passionately and lick her clean anus like sweetest thing in the world. Suddenly she fart right on his face and laughed, but he doesn't angry and even suck it deeply like flower breeze.

In other occasion, Mu-Tan even ask young master Tsao from Chien-Chung to drink dirty water which just used to wash her petty small feet, and he drink it as if it was expensive wine

One day a young handsome Taoist priest come to the brothel and booked her. Mu-Tan heavily attracted by this handsome guest and begin to seduce him "Hi mister, I heard you Taoist was adept on magical thing. But i also have my own trick."

"Oh what kind of magic you have miss?" ask the Taoist wonder

"Like this" said Mu-Tan by opening her dress and bring the Taoist hand to touch her naked breast. She then whisper to him "You know I always successfully make certain part of men body erected as they touch this, Isn't it magic?"

The Taoist looks so disgusted with her behavior and said "Actually you are peony fairy in your former existence and that's why your body is emitting fragrance. But because you violate heavenly mandate, then you were reincarnated as prostitute. If you agree to leave this sinful live, then i will teach you how to become fairy once more"

Mu-Tan giggle hearing his advice and answer "To become immortal? Ha don't you see that most men of this city has worshiped me as their goddess? So what is the point to live in your boring heaven when I can eat the most delicious meal & drink the best wine here. Oh and as you see, my dress was made from expensive silk which can't be compared to your cheap Taoist robe."

"Don't you know that all happiness in this mundane world is just illusion, sometimes you happy, but mostly you will cry" said the Taoist

"Ha ha ha, oh my handsome but stupid boy, do you think I don't understand your trick? Actually I've already know this trick of your kind since my childhood. First you will persuade naïve person to follow your teaching and then you will rob all of his/her money. Oh, or maybe you want to kidnap me as your concubine?" said Mu-Tan with a sharp voice

The Taoist very angry with her insults and slaps her face. Before leaving he said that 10 years later they will meet again

As the Taoist gone, Mu-Tan feel her face burnt, so she goes into mirror to see what happen. But how shocked she is realizing that part of her face (which the Taoist slap) has become darker and full with disgusting abscess. Mu-Tan cry and curse the Taoist, but her condition is become worse and even worse everyday. Because she has lost all of her beauty and has no more benefit for him, her pimp chased her away from his brothel. Now the once popular courtesan must become beggar to fed herself, this time all men who once worship her despise her like a trash.

10 years later when Mu-Tan just eat remaining food from dustbin, a familiar voice address her "Long time no see miss Mu-Tan, how are you doing here? Is that the most delicious food on earth? Where are all men who worship you like goddess?"

Mu-Tan surprised realizing this man as the Taoist who slapped her face. But she wonder how come his face doesn't change after 10 years. Then she cry. "Oh please don't mock me, I've understand my mistake before. Now I know all happiness in this world is just like a dream and as i awaken everything disappeared into void. Now I can only cry for the rest of my live"

The Taoist smiles and caress her face. Suddenly Mu-Tan feel strange but relaxing sensation in her face Then he ask Mu-Tan to look her face in the pool,

thus she realize that all of her abscess has disappeared and she become pretty and young again like 10 years before. Mu-Tan's heart fulfilled with joy, and so she kowtowed in front of the Taoist and ask for his real identity.

The Taoist laugh and said "I'm the immortal Lu Tung-Pin, actually you can found my statue in every temple of this town, however as you never go to the temple then you can't recognize me. In previous existence we were close friend, so I want to help you return to heaven." Suddenly Lu Tung-Pin sighed and continues "But of course I can't force you. Now as your face back to normal, i will give you two choices. First you can go back to your previous "heaven" which full of debauchery. Or you can follow me to the real heaven. If you decide to follow me then meet me in this place tomorrow."

The next day Mu-Tan meet the Taoist and decide to follow him as his apprentice. Several years later she obtained perfection and becomes fairy in heaven once more.
